We wish to commend and support the fantastic efforts of the Village Society who have set up a HELPLINE for those in need and those who can help in this unprecedented time:

- If you are self-isolating and need help with food, supplies, medicines or other assistance please email or call the helpline.
- If you are in a position to help others, maybe by collecting groceries or medicine or just by phoning, please let us know along with how you want to be contacted. Ideally leave an email & phone number.
